Document name: Environmental Policy			

Environmental Policy

Euro Demolition and Dismantling Ltd (EDD) are the provider of industrial demolition and dismantling services in both the UK and Europe and are committed to delivering its services with minimum environmental impact, consistently and taking into account legal and Environmental requirements, industry guidance and best practice.

The accreditation of an integrated Management system comprising of ISO 14001 Environmental Management, ISO 9001 Quality Management and ISO 45001 Health and Safety Management provides an underpinning platform for the statements within this policy.

EDD will achieve this through our commitment to:

- Continual improvement of our environmental performance by regularly reassessing the effects of our organisation and activities.
- Minimise waste production by adopting a simple 'Reduce-Re-use-Recycle' approach to all our activities.
- The prevention of pollution and minimisation of our environmental impact.
- Complying with all environmental legislation.
- Involving employees in our environmental programme and providing necessary training to enable them to fulfil their responsibilities.

Performance against stated objectives is monitored and reviewed at our management review meetings where targets are set and actions for improvements decided.

This Environmental policy has been defined by the company's senior management and has been communicated throughout the organization by displaying the policy on all site notice boards, referencing it during company inductions and its inclusion in site document packs. The Environmental policy is also made publicly available on the company website.

This policy applies to all activities undertaken by Euro Demolition and Dismantling Ltd and is available to external parties via our website.

The Managing Director will be responsible for the implementation of, and subsequent adherence to the company environmental policy and procedures. The Managing Director is responsible for ensuring a regular review of the environmental policy and procedures is carried out to ensure they are updated to reflect any significant changes in the company organisation, commitments, and legislative requirements.

David Unwin
Managing Director
